

**Ikat Weaving workshop with Mary Zicafoose presented by the Madison Weavers Guild  
The Shifted Warp Ikat Scarf  
October 25-27, 2024**

**About the Workshop:**

Ikat is a revered and exciting resist-dye fiber process resulting in graphically beautiful woven cloth. Ikat wrapped yarns, when dipped in an indigo vat, instantly become timeless, immersed in an ancient partnership between design and color. This 3 day workshop provides instruction in four distinct ikat warp shifting techniques used to create classic patterns and high contrast design in a woven ikat scarf. This workshop requires experience in winding a warp, warping a loom, and weaving. Previous dye experience is not necessary.

**About the Instructor:**

Mary Zicafoose's tapestries and rugs span the globe from large-scale public installations to the private collections of the United States Embassies on three continents. Her woven pieces blend cultural icons and symbols with a contemporary hand, creating powerful visual statements in fiber. Ms. Zicafoose has worked, traveled and taught throughout the Americas. A largely self taught weaver, she received her BFA from St. Mary's College, Notre Dame, Indiana. Her graduate Studies include the Art Institute of Chicago and the University of Nebraska.
